## EDUCATION

|                                                                                   |                                                |
|-----------------------------------------------------------------------------------|------------------------------------------------|
| <b>VIT Bhopal University</b><br><i>B.Tech in Computer Science   CGPA: 8.57</i>    | <b>Sep 2023 - Present</b><br><i>Bhopal, MP</i> |
| <b>Rani Laxmi Bai Memorial School</b><br><i>12th Standard   Percentage: 91.6%</i> | <b>2022 - 2023</b><br><i>Lucknow, UP</i>       |
| <b>City Montessori School</b><br><i>10th Standard   Percentage: 96.4%</i>         | <b>2020 - 2021</b><br><i>Lucknow, UP</i>       |

## TECHNICAL SKILLS

**Languages:** Java, Python, C++, SQL  
**Core CS:** Data Structures, Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks  
**Libraries/Frameworks:** Scikit-learn, PyTorch, Pandas, NumPy, Flask, React, Next.js  
**Developer Tools & Software:** Git, GitHub, REST APIs, Docker, Firebase, Supabase, CI/CD, Postman  
**Practices:** Agile/Scrum, Unit Testing, System Design

## WORK & EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                           |
